ASBESTOS REMOVAL AND BUILDING DEMOLITION LLC

**Worldwide Contractors Tackling Global Problems**

**“Demolition and Asbestos Removal Experts”**

**We care for your Environment**

Angus Asbestos Removal and Building Demolition LLC was formed in 2003 and became the first UK Asbestos Removal Company to be registered in the United Arab Emirates.

Our Company specializes in assisting to help educate people who are unaware of the Dangers of Asbestos in the environment.

We identify Asbestos by carrying out Professional Asbestos Surveys by Qualified P402 Surveyors. Throughout the last 30 years, we have been professionally surveying domestic and commercial buildings worldwide.

Our Main Company Activities include Asbestos Removal Services and we have trained and experienced Operators who can remove and dispose of Asbestos safely and professionally. Over a period of 30 years, we have worked Onshore and Offshore for an extensive list of Oil Companies in the Middle East.

We are fully Licensed for Asbestos Removal Works and Hazardous Waste Transportation by Tadweer and Environmental Agency Abu Dhabi. All Work is carried out strictly in accordance with the Code of Practice on Asbestos Removal, Guidelines and UAE Federal Law.

Our company's aim is to reduce exposure to Asbestos worldwide and help create a safer Environment which we can be proud of for future generation.

Charles Kinniburgh, CEO

About 125 million people in the world are exposed to Asbestos at the workplace.

20,000 people die each year from Asbestos related lung cancer worldwide

Currently there is no cure for Asbestos cancer Asbestos has been used in the Middle East since 1960s. Asbestos material is still prevalent in the UAE despite government ban in 2006

Please call us for free advice or a Survey to check if you could be exposed to Asbestos

# Building Demolition

Our projects have been extensive throughout the UAE and we have earned an excellent Safety Record with a %100 accident free record. We provide clients with our expertise on dismantling structures from small buildings to large industrial, residential and high-rise projects throughout the UAE.

Demolition is the core activity of our business and our focus is to accomplish Safe Methods of Work, meticulous planning, state of the art equipment and an expert demolition team. All projects are fully compliant to the highest health, safety and environmental for Demolition and provide an expert team of professionals to oversee all our Projects.

All Projects are fully compliant to the highest Health & Safety and Environmental standards within the UAE.

## Our Work Includes:

- Concrete Demolition
- Controlled Demolition
- Complete Demolition of Buildings
- Excavation Works
- Site Clearance Works

Our Company was instrumental in the Safe Demolition of the Meena Plaza Towers for Modon Properties and the surrounding Properties in Mina near the Fish Market.

# Waste Management

Our Company is fully licensed to transport Asbestos Hazardous Waste by TADWEER – Centre of Waste Management, Abu Dhabi.

Angus Asbestos Removal and Building Demolition LLC is a Registered Waste Transporter in UAE dealing with Asbestos Waste, Demolition and Recyclable Waste Materials.

We are Supreme Petroleum Council Oil & Gas approved which enables us to deal with Onshore and Offshore Waste. All Demolition Materials are recycled including Concrete, Stone, Timber and Steel. Recycling and conserving reusable materials contributes to the secondary markets and wiser use of natural resources.

The need for proper Waste Management has never been greater. Our belief is that this is an essential service of caring for the environment.

We have received the Guinness World Record for the Demolition Works carried out at Meena Plaza Towers, the world's tallest building to be demolished using explosives' (Controlled Demolition) in 2020.
